The Rental Housing Component of the Ontario Priorities Housing Initiative (OPHI) provides financial assistance, in the form of interest-free, forgivable loans to non-profit Indigenous Housing Providers (IHP) or partnerships between private sector and non-profit IHPs, for the purpose of increasing the supply of community rental housing for off-reserve Indigenous households on, or eligible to be on, social housing waiting lists, as well, funding will ensure that safe, adequate and affordable rental housing is available to the Indigenous community within the Greater Toronto Area (GTA).

Commitment Date

Yearly allocations are required to be committed in advance of each fiscal year; for this RFP by November 30, 2022. Committed means:

- Miziwe Biik Development Corporation (MBDC) and proponent have entered into an Aboriginal Rental Contribution Agreement (ARCA) and
- MBDC has registered its security on title to the property.

Note – project construction **must** commence within **120 days** of entering into the ARCA.

For further program information and criteria, please refer to the GTA Aboriginal Housing Program, 2019 Ontario Priorities Housing Initiative (OPHI) Guidelines at www.mbdc.ca.

Rents

The rent levels, at the time of occupancy, will be set using 80% of the most recent Canada Mortgage and Housing Corporation (CMHC) Average Market Rents (AMR). Current AMR's are available at www.mbdc.ca.

Proposal submissions that include both OPHI funded units and market rent units are permitted.

Proponents are encouraged to seek out Rent Supplements or Rent Geared to Income (RGI) subsidies through local municipalities and/or local service organizations.

Rent charged for eligible units must include the utility costs of heat, hydro and water/wastewater.

Eligible Tenants and Income Thresholds

Your RFP submission must explain how the project intends to meet the following “Eligible Tenant” criteria:

1. Tenant(s) must be “Indigenous” or “Indigenous Households”;
2. Tenant(s) must be on, or eligible to be on, an existing social housing waiting list;

For the purpose of this RFP, “Indigenous” is defined as First Nations status or non-status, Métis or Inuit.

For the purpose of this RFP, “Indigenous Households” are defined as:

1. multiple tenants that are Indigenous; and/or
2. a family whereby at least one individual family member is Indigenous.

While it is recognized that the need for community rental housing affects a range of Indigenous Households, MBDC would like proponents to target the following groups, as listed in order of priority:

- large families (includes Indigenous households shared by families, parents, grandparents, and/or other extended family members);
- small families;
- seniors and singles
- victims of domestic violence; and
- persons with disabilities.

Proponent must demonstrate an approach for income verification of tenants to ensure that households in need are targeted.

Eligible Use of Funds

The OPHI funds may be used for acquisition or acquisition/rehabilitation; new construction including additions and extensions, and conversion of non-residential building or units to purpose-built rental buildings/units. Loan funds are for capital cost construction matters only. The OPHI loan funds cannot be used for on-going operation/management costs in respect of the project.

Priority consideration will be given to RFP submissions that demonstrate the following community needs :

- best value for money
- family sized units
- units that are fully accessible
- housing assistances e.g. rent supplements, for those requiring deeper affordability
- support services e.g. supports that will assist tenants to remain housed
- culturally based programming included or within close proximity

Form of Financial Assistance: MBDC Loan

Successful RFP proponents will be eligible to receive an interest free loan/mortgage that is forgivable after twenty (20) years, provided the project maintains affordability during the twenty (20) year period and the loan is in good standing. Successful RFP proponents will enter into an Aboriginal Rental Contribution Agreement (ARCA) and Mortgage Agreement (MA) with MBDC, as security for the loan, which will be registered on title.

Funds will become available in staged draws in the same manner as construction loans during the development and construction of the project.

Available Funding, 2022-23 OPHI Allocation: \$1,471,288.75

OPHI Rental Housing component will fund up to 75% of the pro-rated share of the capital cost of the affordable units. This includes land, financing and construction costs less HST rebates.

Municipal Assistance and Requirements

RFP proponents are not restricted from supplementing the funding available pursuant to the OPHI Rental Housing allocation with other forms of municipal assistance, such as grants and other loans to offset development charges, building permit fees etc.

Additional Mortgage Financing

Your RFP submission should describe mortgage financing that is required to complete the project, and include any financing commitments or term sheets that have been obtained in connection with the project.

Your RFP submission should also detail how the project is financially viable and self-sustaining, taking into consideration the capital funding requested in this RFP, plus equity or private financing that the proponent intends to contribute/obtain along with the rents and other sources of income for the project.

Program Timeline

Construction-ready projects will be given priority and it is expected that proponents will act in a prompt and timely manner during both the pre-development and construction phases of the program. Failure to do so may result in the reallocation of funds.

Questions or Inquires

Questions or inquiries should be sent by email to the attention of Lorna Lawrence at lorna.lawrence@mbdc.ca by May 17, 2022 at 2:00 PM. No questions or inquires should be directed to any other MBDC staff or Board member. Responses will be posted on the MBDC website (www.mbdc.ca) May 20, 2022.

Form of RFP Submission

Proponents are required to provide one (1) electronic copy of their RFP submission, which should contain the following documentation:

- Project Summary Form, which must be included as the first page to your RFP submission (please see **Appendix A**);
- a written project proposal of no more than twenty (20) pages in the specified format and content requirements detailed below;
- Proponent Declaration Form (please see **Appendix B**);
- Financial Reporting Forms (please see **Appendix C**);
- Conflict of Interest Attest Statement (please see **Appendix D**) and,
- Any supporting documentation that is requested in Table #1

MBDC may request a hard copy be provided at a later date.

Format and Content of Project Proposals

Project proposals should be no more than twenty (20) pages in length. The format must follow the section headings and numbering set out in Table #1 (page 7). Within each section, your RFP submission should provide a detailed account and description of the information requested. You are advised to make your RFP submission as clear,

concise and complete as possible as only your RFP submission will be considered in the evaluation process.

Please note: Employment of apprentices by proponents and/or their contractors is strongly encouraged by MBDC. The number of employed apprentices and the experience received through this program is part of our administrative reporting requirements.

Submission of Proposals

Proposals must be submitted by electronic submission with the subject line Affordable Rental Program (OPHI). Multiple email submissions due to file size should also include 1 of 2, 2 of 2 etc. in the subject line.

To be considered for the 2022-2023 OPHI allocation of funding, RFP submissions must be received by no later than 2:00 PM (local time), June 7, 2022.

Submissions received before the deadline will be provided with a notification receipt upon submission.

MBDC will not be responsible for RFP submissions that are received beyond the submission deadline or in a manner other than that prescribed.

Details on the scoring criteria assigned to each section is set out in "Appendix E", Evaluation and Scoring.
